## Rockwater Energy Solutions Named a 2013 Top Workplace

HOUSTON – November 10, 2013. Rockwater Energy Solutions, Inc. is pleased to announce that it has been selected as one of The Houston Chronicle Top Workplaces. Rockwater ranked 10<sup>th</sup> on the list of mid-sized workplaces in the Houston metropolitan area. In addition to its Top Ten ranking, Rockwater was also recognized with a Special Award for Leadership.

“From the beginning of Rockwater, we have been working to establish a culture that conveys a positive and productive work environment to attract the best talent. We want Rockwater employees to be proud of the place they work, and I think it’s clear that they are,” said David Isaac, Rockwater’s Senior Vice President of Human Resources.

“We are excited to be a Top Workplace in Houston, the center of the growing energy industry. Rockwater has grown to 3,000 employees since it was formed nearly two and half years ago, and built on a positive culture based upon our “RISE” core values of Respect, Integrity, Safety, and Excellence. We wanted to build a great company where our employees are engaged, feel listened to and appreciated, and know how they can contribute and make a difference to our success,” commented Larry O’Donnell, Chairman, President and CEO of Rockwater. “It is an honor to be recognized in this way, especially since the judges were our employees. Building a great company is all about the people, and I am very proud of the culture and team we have at Rockwater.”

The Houston Chronicle published the complete list of Top Workplaces on November 10. For more information about the Top Workplaces lists, please visit [www.topworkplaces.com](http://www.topworkplaces.com).

### **About Rockwater** ([www.rockwaterenergy.com](http://www.rockwaterenergy.com))

Rockwater Energy Solutions, Inc. provides extensive water and fluids management services and environmental solutions to the oil and gas industry by customizing cost-effective solutions associated with the full water life cycle. Rockwater offerings include water transfer by pipe; completion, stimulation, and production chemicals; water conditioning for reuse; proppant, guar, and additives for fracturing; flowback and well testing services; fluids transportation and storage; and logistics and distribution services to support its product and service offerings. Rockwater is headquartered in Houston, Texas, and has about 3,000 employees serving every major shale basin in North America.
