Rockwater Energy Solutions Recognized for Outstanding Business Achievements *Earns Microsoft Dynamics® Business Operations Excellence Award*

HOUSTON – February 25, 2014. Rockwater Energy Solutions, Inc., was recognized by Microsoft® with the 2014 Business Operations Excellence Award as part of the Microsoft Dynamics Customer Excellence Awards program. The 2014 Customer Excellence Awards, which are presented in 17 categories, recognize and celebrate Microsoft Dynamics customers that have achieved notable accomplishments in providing an outstanding customer experience through the use of their Microsoft Dynamics solution. "Improving the efficiency of business processes translates into a real-world benefit for our field operations and our customers. Microsoft Dynamics provides a reliable framework to enable us to provide critical information to our field teams and our customers in the oilfield, enabling them to make timely decisions and take the best course of action," said Biren Kumar, Chief Information Officer at Rockwater.

Established in 1997, the Customer Excellence Awards are awarded each year at the Convergence user conference in the United States. Microsoft Dynamics is a line of financial, customer relationship and supply chain management solutions that help businesses work more effectively.

About Rockwater (www.rockwaterenergy.com)

Rockwater Energy Solutions, Inc. provides extensive water and fluids management services and environmental solutions to the oil and gas industry by customizing cost-effective solutions associated with the full water life cycle. Rockwater offerings include water transfer by pipe; completion, stimulation, and production chemicals; water conditioning for reuse; proppant, guar, and additives for fracturing; flowback and well testing services; fluids transportation and storage; and logistics and distribution services to support its product and service offerings. Rockwater is headquartered in Houston, Texas, and has about 3,000 employees serving every major shale basin in North America.
